The Applicant also requested authority to price its interexchange telecommunications services on a competitive basis pursuant to § 56-481.1 of the Code of Virginia.

NOW UPON CONSIDERATION of the application, the Commission is of the opinion and finds that Telera's application should be docketed; that the Applicant should give notice to the public of its application; that the Commission Staff should conduct an investigation into the reasonableness of the application and

present its findings in a Staff Report; that a public hearing should be convened to receive evidence relevant to Telera's application for a certificate to provide local exchange telecommunications services; and, if substantive objections are received, evidence shall be received at the public hearing with regard to Telera's application for a certificate to provide interexchange telecommunications services.

Accordingly, IT IS ORDERED THAT:

If no such substantive objections are received on or before November 27, 2000, the Commission may grant Telera's requested certificate to provide interexchange telecommunications services without conducting a hearing.

(3) On or before November 8, 2000, the Applicant shall complete publication of the following notice to be published on one (1) occasion as classified advertising in newspapers having general circulation throughout the Applicant's proposed service territory:
